TRUE WOMEN. By KATHARINE STUART. 3 vols.

The TRUST: an Autobiography. By JEAN LE

PEUR. 3 vols. 31s. 6d.

"To write a purely domestic tale which is so far from dull is a considerable achievement. . . . Each of the characters has a strongly-marked nature of his or her own. . . . Becky Wilson is a fine portrait which must clearly be from life. But the book should be read."—*Athenæum*.

The RECTOR of OXBURY: a Novel. By JAMES

"This book is readable, and the author's style is good. It has considerable interest as a testimony against Dissent in its social aspects; and a revelation of the interior life of certain sects, whose ministers are their servants in a servile and irritating sense, unsuspected by the world outside these communities."—*Spectator*.

"The picture we have in these volumes. . . . will come upon most readers altogether as a startling revelation of certain aspects of Voluntaryism."—*Graphic*.

"This is a very good novel, written throughout in a generous catholic spirit. . . . The book is full of kindly humour, and we heartily recommend it to our readers."—*Standard*.

"In the descriptions. . . . there is often a good deal of liveliness."—*Saturday Review*.

"The picture is edifying."—*Guardian*.

A MAN of other DAYS: RECOLLECTIONS

OF THE MARQUIS DE BEAUREGARD. Edited from the French by CHARLOTTE M. YONGE, Author of "The Heir of Redcliffe," &c. 2 vols. crown 8vo, 21s.

"Full of useful and agreeable reading."—*Athenæum*.
"The 'man of former times,' whose biography is now introduced to our notice, will be remembered by all who have read the correspondence of Count Joseph de Maistre. A Savoyard by birth, M. Costa de Beauregard lived long enough to see the last years of the Monarchy, the Revolution, and the early promise of General Bonaparte. The opening chapters of the work introduce us to Paris society at the time when it was perhaps the most brilliant; and it is amusing to accompany our hero to Madame Geoffrin's *salon*, where Marmontel, Rochefoucauld, Greuze, Delacroix, Cochin, and many others, discourse literature, art, and philosophy. The variety of scenes described in these pleasant memoirs, the historical personages crowded together on the canvas, and the account of the noble but fruitless struggle of Savoy against the French Republic, give to the whole work a dramatic interest which derives additional charm from the character of the Marquis himself—a character in which high principle, genuine wit, and patriotism are happily blended together."—*Saturday Review*.

LESSING: HIS LIFE AND WRITINGS.

By JAMES SIME, M.A.

"It is to Lessing that an Englishman would turn with readiest affection. We cannot but wonder that more of this man is not known among us."—*Thomas Carlyle*.

"In all literary history," said Helne, as Mr. Sime reminds us in his Preface, 'Lessing is the writer whom I most love;' and what good grounds there were for Helne's love Mr. Sime's valuable work will explain to people who perchance only know Lessing as the author of the 'Laocoon,' though indeed that in itself supplies matter enough for admiration and respect."—*Saturday Review*.

"The work before us, may, therefore, be classed as a contribution to biographical literature of permanent value."—*Globe*.
"But it is not only as the intrepid controversialist, the staunch champion of freedom of the mind, that Mr. Sime's work presents Lessing to us. It would have been sadly incomplete had he not also portrayed for us the man of kindly heart and the dramatist."—*Daily Telegraph*.

"In all this we have good evidence of original thought and independent judgment based on the best of all foundations—a careful study of the master's writings."—*Graphic*.

"At length the public may be congratulated on possessing a full and perfect account of one of the most remarkable and noteworthy Germans that ever existed."—*Notes and Queries*.

"An account of Lessing's life and work on the scale which he deserves is now for the first time offered to English readers. Mr. Sime has performed his task with industry, knowledge, and sympathy; qualities which must concur to make a successful biographer."—*Pall Mall Gazette*.

"Mr. Sime's volumes are eminently interesting, and leave on the reader's mind a clear and agreeable impression of Lessing and his work."—*Bookseller*.

HEBREW and CHRISTIAN RECORDS: An Historical Inquiry con-

cerning the Age and Authorship of the Old and New Testaments. By the Rev. Dr. GILES, Rector of Sutton, and formerly Fellow of Corpus Christi College, Oxford. Now first published complete.

The chief encouragement to publish these works complete has been the judgment which more than one writer has expressed in favour of the views which the Author has advocated and of the moderation with which they have been stated. In a letter from Babbage to Tollemache, printed in *Macmillan's Magazine* for April, 1873, the opinion of the eminent historian Grote is thus quoted: "Mr. Grote lent me Dr. Giles' Christian Records, which he recommended as one of the best handbooks concerning early Christianity and the Canon of the New Testament. He did not always agree with the author, but liked the way in which, besides many judicious criticisms, the *ipsissima verba* of the various authorities, both Pagan and Christian, are given, within a short space."

SUPERNATURAL RELIGION;

AN INQUIRY INTO

THE REALITY OF DIVINE REVELATION.

VOLUME the THIRD.

CONTENTS:—

I. THE ACTS of the APOSTLES.

II. THE DIRECT EVIDENCE for MIRACLES; The Epistles and the Apocalypse; The Evidence of Paul.

III. THE RESURRECTION and ASCENSION; Relation of Evidence to Subject; The Evidence of the Gospels; The Evidence of Paul.

"The present volume exhibits all the distinctive qualities of its predecessors. The Author's style has lost none of its directness and force. He thoroughly knows his own mind, and is free from hesitancy in expressing it. He has a fine confidence in his positions and the strength of his arguments. His knowledge of the modern literature connected with his subject is extensive, and is as evident in the text as in the notes. . . . His book is not only one of remarkable ability, distinguished throughout by extraordinary mental earnestness and strength, but it is a needed and welcome book, were it only as a stimulus to inquiry."
ACADEMY.

"In the present volume the Author shows the same ample knowledge of the subject, with all its literature and bearings. Though the ground has been well trodden, he occupies it in his own way, putting forward his arguments in the mode he thinks most effective, with judicial calmness. . . . The volume contains abundant proofs of learned research, acute criticism, and intellectual ability."
ATHENÆUM.

"We cannot attempt to review the third volume of 'Supernatural Religion' apart from the others, and in the limited space at our disposition. It demands at a future period a more complete treatment than here is possible. . . . The sketch of the character and temperament of St. PAUL in his relation to the doctrine of the resurrection is as important as it is interesting. . . . We for the present earnestly commend the book to the attention of our readers."
WESTMINSTER REVIEW.

"By far the ablest volume of 'Supernatural Religion.'"
The Rev. GEORGE GIFFILLAN, "SCOTSMAN."

"An adequate treatment from a rationalist point of view of problems so full of interest and importance at once claims attention, and it will be found that the Author brings to bear upon them that clearness of statement, width of reading, and acuteness of analysis which distinguished his other volumes. . . . It (this work) is distinguished by much acute thinking, extensive scholarship, and able writing."
SCOTSMAN.

"We believe that this third volume ought to win, and will win, for its accomplished Author, unknown as, to our regret, he remains, a high repute."
INQUIRER.

"This anonymous work is now completed. It is unquestionably full of learning and research. . . . The Author is a fair opponent."
INTERNATIONAL REVIEW.

"It is not necessary to inform those of our readers who are acquainted with the first two volumes of this able work, as to which of the above modes (approaching the subject as apologist or as critic) the Author adopts. He is, perhaps, as able a representative of the second class as has ever written in English. The present volume shows no falling off in point of ability or style as compared with the former two; while the evidence of acquaintance with the literature of the subject, in the shape of foot-notes and references, is fully as overwhelming. Nor has the Author allowed himself to be crushed beneath a weight of learning. He is not one of those dungeons of learning that never emit light. He utilizes his resources and marshals his forces with great ability."

The *Times* says:—"He has produced a very interesting volume full of information.... In Prof. Bryce's bold ascent of Mount Ararat alone, when Kurds and Cossacks alike deserted him, we have a feat of mountain climbing which in itself proves him to be no unworthy member of the Alpine Club. Through Nature to Christ; or,

the Ascent of Worship through Illusion to the Truth. By the Rev. E. A. ABBOTT, D.D. 8vo, 12s. 6d.

"With these considerable qualifications we commit it to our readers' careful attention. The beauty of its style, its tender feeling and its perfect sympathy, the originality and suggestiveness of many of its thoughts, would of themselves go far to recommend it. But far besides this, it has a certain value in its bold, comprehensive, trenchant method of apology, and in the adroitness with which it turns the flank of the many modern fallacies that caricature in order to condemn Christianity."—*Church Quarterly Review.*

"So far as we know, this is the first attempt that has been made to give a general history of European Colonisation, but, difficult as such a task is, it has been accomplished with wonderful success. . . . To arrange the events of the history in a form which enables the youthful student to take a broad view of the origin and development of Colonisation, and of the transition from dependence to independence, to grasp the spirit of Colonial history, and to take an intelligent view of the future of the Colonial question, is no easy task. We have no hesitation, however, in saying that it has been accomplished in this book, which we regard as a valuable addition to School Literature."—*Liverpool Albion.*

GERMAN LETTERS

ON

ENGLISH EDUCATION.

Written during an Educational Tour in 1876.

By Dr. L. WIESE,

Late Privy Councillor in the Ministry of Public Instruction in Prussia.

Translated and Edited by LEONHARD SCHMITZ, LL.D.,
Classical Examiner in the University of London.

OPINIONS OF THE PRESS.

The *Saturday Review* says:—"Among the very few critics who can criticise England instructively is Dr. Wiese, who has something really worth studying to say on our system of higher education, who has examined English schools with a care which few Englishmen bestow on them, and who, having been for many years one of the highest educational authorities in Prussia, can compare our system with that which he has long administered."

The *School Guardian* says: "We must pass over much that is intensely interesting to educationalists, but we have perhaps said enough to show that here is a thoroughly original work by a very capable writer, well deserving of most careful study by all who have anything to do with English schools, of whatever class."

The *School Board Chronicle* says: "We know no English book on the condition and tendencies of our educational systems and methods which can be read with so much profit. We most earnestly recommend all educationalists to read Dr. Wiese's book."

The *Scotsman* says:—"Dr. Wiese is a man whose opinions on education deserve the most careful consideration. His whole life has been devoted to the subject. He has had rare opportunities of observation. We should do well to listen to the words of such a monitor."

The *Spectator* says:—"These letters, which show not only a deep and thorough acquaintance with the subject of education in general, but an acute perception of the varied features of our educational system in England in particular, would under any circumstances be of great interest; but at the present time, when so much of our attention in England is devoted to the subject of education, from elementary schools to the Universities, they will be read not only with interest, but, we hope, with advantage."

**NOTICE.—A Second Edition of "UNDER
A CHARM,"** by the Author of "Success, and How He Won
It," is ready to-day.

"Many leaves have not been turned over before the reader discovers
that this is no ordinary novel—no mere chronicle of ambition and
failure, love and disappointment; and what is more he soon learns to
respect translator as well as author. The book must be read to be
appreciated; it is really an admirable novel."—*Pall Mall Gazette*.
"Novel-readers owe a debt of gratitude to the translator of this
fascinating story. The translation is so well done that one would never
suspect the book to be other than of English origin, and the narrative
is so absorbing that few who take up the book will lay it down without
finishing it."—*Spectator*.

MR. JACOB'S NEW SCRIPTURE ANNOTATIONS.

Crown 8vo, 7s. 6d.

SIDE LIGHTS on SCRIPTURE TEXTS.
By FRANCIS JACOB, B.A., Author of "Secular Annotations,"
"Shakespeare Diversions," &c.

"The method devised in 'Secular Annotations on Scripture Texts,'
and adopted in various later works from the same pen—that of illus-
trating a given text by examples and citations derived from the widest
compass within its range of miscellaneous literature—is pursued in the
present volume also. Side lights these illustrations are called,
because the elucidation is commonly oblique and indirect, and 'far
off its coming shines' from quarters quite on the outside of theology's
line of vision."

Second Edition, royal 8vo, 21s., with Illustrations.

**The INNER LIFE of the RELIGIOUS
SOCIETIES of the COMMONWEALTH.** By the late ROBERT
BARCLAY.

"The author has brought to light many original documents and
many hitherto unknown facts, by means of which he has been enabled
to tread, with remarkable clearness and coherence, the tangled maze of
ecclesiastical history in the time of Cromwell."—*British Quarterly Review*.

Book' is the first and 'Biblical Expositions' the second. Like the
earlier volumes, which have met with such an unexpectedly cordial
reception, it deals, for the most part, with obscure or difficult Scrip-
tures, and seeks to explain and vindicate them."

"This excellent little work . . . Professor Everett, as a teacher of long experience, has in most cases exercised great judgment in the selection of his materials. The wisdom of his discretion is seen in the way in which he avoids details, whilst dwelling on general principles; not cramming the beginner with a multitude of facts, but rather teaching him to connect a few great facts together. . . . Altogether the work is admirably adapted to the wants of teachers who really desire to give their students a solid groundwork in the principles of physical science."—*Popular Science Review*.

THE HISTORY OF ANTIQUITY.

From the German of Professor MAX DUNCKER, by EVELYN ABBOTT, M.A., of Balliol College, Oxford. In demy 8vo, 21s.

The First Volume containing—Book I. ÆGYPT. Book II. THE SEMITIC NATIONS.

EXTRACT FROM THE AUTHOR'S PREFACE.

"My narrative embraces those independent civilisations of the ancient East which came to exercise a mutual influence on each other. First we follow the kingdom on the Nile and the kingdoms of Hither Asia as far as the point where the nations of Iran began to influence their destinies. Then I attempt to set forth the peculiar development of the Aryan tribes in the valleys of the Indus and the Ganges, down to the times of Ishandragupta and Azoka. Then follows the history of the Bactrians, the Medes, and the Persians, until the period when the nations of the table-land of Iran were united by Darius with the countries of Western Asia, when Aryan life and Aryan civilisation have gained the supremacy over the whole region from Ceylon to the Nile and the Hellespont. The forms of life among the great kingdoms of Asia are finally brought face to face with the more youthful civilisation attained by the Hellenes in their mountain cantons. This new development we follow down to the first great shock when East and West met in conflict, and the Achæmenids sought to crush the Hellenes under the weight of Asia. With the failure of this attempt my history of the ancient world concludes."

We heartily like the general spirit, and are sure that the author has bestowed upon his work a loving labour, with an earnest desire to find out the truth. To the general reader it will convey much information in a very pleasant form; to the student it will give the means of filling up the outlines of Church history with life and colour."—*Quarterly Review*.
